CABLE
THIEVES -**

**STEAL CABLE AND
YOU'RE
IN FOR A
SHOCK**

RAILWAY CABLE THIEVES COULD BE KILLED...

Anyone setting out to steal cable from the railways is risking their life.
Cables carry up to 25,000 volts and are live at all times.
There's also the risk from trains and other power sources.

...AND WON'T ESCAPE THE LAW

Cable theft causes severe delays and disruption to the railways. Our passengers expect trains to run on time and it's frustrating for them and us when cable thieves cause disruption. This is why we've increased surveillance and have security patrols working 24/7, plus dedicated police teams in your area.

IF YOU SPOT THEM WE CAN STOP THEM

At Network Rail we're actively trying to stop cable thieves wasting other people's time. Which is why we're offering a reward of up to £1,000 to anyone who gives information that leads to a prosecution.

MORE SECURITY

- Trackside security patrols 24 hours a day
- High-tech security and monitoring devices
- Dedicated police teams in the area

UP TO **£1000** CASH REWARD

Network Rail, working in partnership with the charity *Crimestoppers, is offering a reward of up to £1,000 for information leading to the arrest and conviction of any cable thieves in the TS and WF postcodes.

The reward is valid until February 2008, and you can call anonymously. Crimestoppers won't ask for your name and can't trace your call.
