

Why the knife?

Have you ever been killed by a knife?

Do you know how it feels?

It puts people in pain and agony

It makes others cry and weep

Persuade yourself not to do it

Blunt knives, sharp knives, they all kill

They hurt you, they hurt others

If you try you can keep it away

You want to stop killing?

I'll tell you how

It's the only way

Don't carry a knife

Don't carry for protection, don't carry for help

You carry it for help and protection

What does it do? it doesn't help or protect

I'll tell you what it does

IT KILLS!
