

1. Trace around the shape of your shoe with a pencil onto a piece of paper
2. Use a ruler to measure the longest part of your shoe
3. Use a ruler to measure the widest part of your shoe
4. Measure the outer shape of your shoe by using a piece of string to follow your pencil line starting at point A all the way round the shape finishing where you started. Now lay the string out in a straight line and measure the length

The measurements of your shoe

Longest part of your shoe: _____

Widest part of your shoe: _____

Length of outer shape: _____
