

Factsheet

Our trains, stations and passengers

Merseyrail manages the operation of 59 electric trains and 66 stations, providing almost 600 train services daily on weekdays.

In total our trains travel nearly 4 million miles in one year bringing people to and from Liverpool to work, to shop and to be entertained.

The trains carry passengers making some 100,000 journeys each weekday and nearly half of the passengers use the train every day.

In total each year passengers make nearly 30 million journeys on our trains travelling over 180 million miles.
