

Factsheet

Our timetable and tickets

Merseyrail operates a timetable known as Clockface with trains arriving every 15 minutes (5 minutes on city centre sections).

We sell a range of train tickets and tickets for other parts of the public transport network.

Railpass is a pre paid season ticket for people who travel regularly only on trains within the Merseyside area.

Standard Day Single/Return ticket is a rail-only ticket valid on any train and our **Cheap Day Return** is a rail-only return ticket valid on all trains except

at peak times. Our Cheap Day return offer is 25% cheaper than our Standard Day Return.

Saveaway Tickets are cheap, one-day tickets that you can use for travel on buses, trains and ferries at off-peak times.

TRIO Tickets are for people making regular journeys using more than one type of public transport (bus, train and ferry).

Our customers spend a total of £100 million a year with us on tickets for travelling on our trains.
