## About Merseyrail

Merseyrail manages the operation of trains and railway stations covering Liverpool and Merseyside. This is one of the most used local rail networks in the country.

We operate passenger train services between Liverpool and Southport, Ormskirk, Kirkby, Hunts Cross, New Brighton, West Kirby, Chester and Ellesmere Port.

Most of our trains and stations are supported by, and operated to the wishes of, Merseytravel - the Merseyside Passenger Transport Executive. As a result there are many combined tickets valid on trains, buses and ferries.

The railway network is very important to the ongoing regeneration of Liverpool and its role as Cultural Capital of Europe in 2008.
